SECOND ANNOUNCEMENT

VIII Postgraduate Course of MMA  
„Multidisciplinary approach in the treatment  
of CRC liver metastases“

**ORGANIZING COMMITTEE**

**Chairman:**

Gen. Prof. Ventzislav Mutafchisky -  
President of MMA

**Course director:**

Nikola Vladov

**Members:**

Vassil Mihaylov  
Ivelin Takorov  
Tsonka Lukanova  
Zhasmina Mihaylova

**Guest faculty:**

Arpad Ivanaz  
Eli Kakiashvili  
Francois Cauchy  
Irinel Popescu  
Ki-Hun Kim  
Olivier Soubrane  
Roberto Troisi  
Zoran Milosevic

Dear colleagues,

Ones more I would like to invite you to take part in the annual International Postgraduate Course, traditionally organized by the surgical teams of Military Medical Academy with the support of the Bulgarian Surgical Society and the Bulgarian Association of Surgeons, Gastroenterologists and Oncologists.

This year it will be held from the 13<sup>th</sup> of November till the 15<sup>th</sup> of November and will thoroughly be discussed the contemporary multidisciplinary approach in the treatment of colorectal cancer liver metastases. Despite of the fact that worldwide the protocols for treatment of CRC liver metastases are cleared, in Bulgaria there still are present quite a significant amount of controversies leading to a conservative overtreatment of most of the patients, and a lot of suitable patients doesn't reach the possibility to receive the only potentially curative treatment - surgical resection. With the incoming course we would like to clarify current perspective and to define brightly the role of every member of the multidisciplinary team aiming the treatment of these patients to become more effective.

The presence of leading foreign and Bulgarian speakers, along with the traditional demonstrations of present operative techniques form the operative rooms of HPB and Transplant Surgery in Military Medical Academy will give the opportunity to raise useful discussions and could define the accents in the treatment of this socially important disease.

A handwritten signature in black ink, appearing to read 'Nikola Vladov'.

Prof. Nikola Vladov, MD, PhD  
Course Director

## PRELIMINARY PROGRAM

13.11.2019

18:15h OFFICIAL OPENING

18:30-19:00h State-of-the-art lecture: The impact of the multi disciplinary approach on the treatment of CRC liver metastase - *Nikola Vladov*

19:00h WELCOME COCKTAIL

14.11.2019

09:00h-12:00h LIVE DEMONSTRATION 1:

Laparoscopic hepatectomy - western approach - *Olivier Soubrane*

12:00h-13:00h LUNCH BREAK

13:00h-15:00h FIRST SESSION

**Chairman: Nikola Vladov, Krum Katarov, Irinel Popescu**

1. Molecular markers in metastatic CRC - *Boris Petrov*
2. Detection of CRC liver metastases - value of ultrasound examination - *Krum Katarov*
3. Differential diagnosis of CRC liver metastases - place of CT and MRT - *Maini Penkov*
4. Definition of therapeutic strategy in metastatic CRC - the impact of PET-CT - *Valeria Hadjiiska*

5. DEBATE: Synchronous or staged approach in colorectal cancer with synchronous liver metastases

5.1 Advantages of synchronous resection - *Irinel Popescu*

5.2 Advantages of staged approach - *Arpad Ivanaz*  
6. „Conversion therapy“ in patients with potentially resectable liver metastases - *Zhasmina Mihaylova*

SATELLITE SYMPOSIUM - General sponsor

COFFEE BREAK

SATELLITE SYMPOSIUM

SECOND SESSION

**Chairman: Olivier Soubrane, Ki-Hun Kim, Ivelin Takorov**

1. Novelty in the surgical treatment of colorectal liver metastases - *Olivier Soubrane*
2. Application of robotic surgery in the treatment of liver metastases from colorectal cancer - *Eli Kakiasvili*
3. Impact of laparoscopic approach on liver surgery - *Ki-Hun Kim*
4. Two stage liver resections - *Francois Cauchy*
5. Impact of the ALPPS on the treatment of CRC liver metastases - *Roberto Troisi*
6. Near total hepatectomy with partial IVC resection for colorectal liver metastases (video) - *Zoran Milosevic*
7. Extreme liver surgery - *Nikola Vladov*

OFFICIAL DINNER

20:00h

**15.11.2019**

09:00h-12:00h

LIVE DEMONSTRATION 2:

Laparoscopic hepatectomy - eastern approach -  
*Ki-Hun Kim*

12:00h-13:00h

LUNCH BREAK

13:00h-13:30h

SATELLITE SYMPOSIUM

13:30h-15:30h

THIRD SESSION

**Chairman: Vassil Mihaylov, Ivan Vasilevski,**

**Nikolay Belev**

1. The place of radiotherapy in primary metastatic rectal cancer - *Rumen Lazarov*
2. Synchronous laparoscopic liver and colorectal resections in metastatic CRC - *Ivelin Takorov*
3. Techniques for parenchymal transection during laparoscopic liver surgery - *Nikolay Belev*
4. Parenchyma sparing resections of liver metastases from CRC - *Vassil Mihaylov*
5. Surgical tactics in metachronous CRC liver metastases - *Ivan Vassilevski*
6. Current approach in cases with unresectable metastatic CRC - *Tsonka Lukanova*
7. Ablative methods and techniques in metastatic CRC: possibilities and indications -  
*Alexander Katzarov*
8. Adjuvant medical treatment after radical surgery -  
*Galina Kurtev*

REGISTRATION:

All attendees are requested to make preliminary registration on the flowing  
e-mail: [inikolova@vma.bg](mailto:inikolova@vma.bg)  
Phone: + 359887916387

REGISTRATION FEE: 200 BGN

ACCOMMODATION:

**HOTEL**

Rosslyn Central Park ★★★★★

**Single room**

85 - 145 EUR

**Double room**

105 - 145 EUR

Forum ★★★★★

86 - 102 BGN

102 - 117 BGN

Snipka ★★★★★

59 - 76 BGN

70 - 86 BGN
